

Virginia State-Based Anemometer Loan Program Application

This program is not intended for utility scale or wind farm projects or developers. Applications can be sent in at any time and each application is considered individually. Approval is not determined by a first come first serve basis. Anemometer towers are lent out based on information provided and review criteria. Therefore, it is recommended to be as specific as possible when answering the questions in this application. Please print and mail this completed application and any requested attachments to:

Virginia Center for Wind Energy
James Madison University
MSC 4905
1401 Technology Drive, Suite 120
Harrisonburg, VA 22807

Contact Information

(Who our office will be working with for the loan).

Last Name:	<input type="text"/>
First Name:	<input type="text"/>
Mailing Address:	<input type="text"/>
City:	<input type="text"/>
State:	<input type="text"/>
Zip Code:	<input type="text"/>
Home Phone:	<input type="text"/>
Cell Phone:	<input type="text"/>
Work Phone:	<input type="text"/>
Email:	<input type="text"/>

Landowner Information

Check here if you are the landowner of the property where the MET tower will be installed

If you are not the landowner, please contact the landowner and make sure they are in agreement with the proposed project before continuing the application.

Project Information

(Where the tower is planned to be installed).

Physical Address:	<input type="text"/>
City / Town:	<input type="text"/>
Zip Code:	<input type="text"/>
County:	<input type="text"/>
GPA / UTM / Map Coordinates:	Longitude: <input type="text"/>
	Latitude: <input type="text"/>

Generation Interests

(choose one)

- Residential (personal)
- Commercial
- Agricultural
- Municipal (government buildings)
- Other (please specify)

Tell Us About Your Project

1. What is the purpose/goal of the project for which you are requesting the anemometer (be specific, e.g. on-site energy use, energy export, turbine size, etc.)?

2. What are the benefits for having an anemometer at your site?

3. Please describe your site (soil type, amount of open space available, elevation of surrounding areas, obstacles of wind flow, etc.).

4. Please provide a plat of survey* of your project location and the coordinates of the site.

*A plat of survey is given to you at the time of closing when purchasing a house or a piece of land. If you cannot locate your plat of survey you can contact your mortgage or title company, or contact a local surveyor to create a new one. The survey diagram includes property lines and existing structures of your designated area. For an example and frequently asked questions check out Prince William County's [Survey Plat](#).
